

Sieć łącząca

```
graph TD; A[Sieć łącząca] --- B1[P1]; A --- B2[P2]; A --- Bn[Pn]; B1 --- C1[M1]; B2 --- C2[M2]; Bn --- Cn[Mn];
```

The diagram illustrates a hierarchical network structure. At the top is a rectangular box labeled "Sieć łącząca". A horizontal line extends from the bottom of this box. From this horizontal line, three vertical lines descend to connect to three separate rectangular boxes arranged horizontally below it, labeled P_1 , P_2 , and P_n . From the bottom of each of these P boxes, another vertical line descends to connect to a corresponding rectangular box below it, labeled M_1 , M_2 , and M_n .
